## Schwartz Case Recalls Balm Suit

Search for Charles H. Schwartz, charged with murder in connection with an explosion in his laboratory at Walnut Creek, recalls a \$75,000 breach of promise suit brought against him by Miss Elizabeth Adam, shown here.

Nanking last Friday, studentators from Shanghai have started a new campaign against the Japanese despite the fact that the Chinese are still in the trouble were

The French police today in an opium den in the French concession, seizing hundreds of pounds of opium, valued at more than \$250,000, which had been smuggled into Shanghai recently.

And the neighboring country. An investigation disclosed that the Chinese had been using superstitious masses to the effect that a large planet dog was covering the moon, hence the Chinese were to drive it away. They had to wait for more than a week. When the eclipse passed, the noise stopped, the people thought that the dog had been driven away.

**ENGLAND'S STAND**  
**ON CHINA OUTLINED**

(BY CABLE AND ASSOCIATED PRESS LONDON, Aug. 5.—Lord Curzon, Lord President of the Council, outlined the British government's attitude on China debate in the House of Lords tonight. Discussing the Shanghai incidents he said the government was not prepared to take any action until the Chinese government had been held in public as soon as possible. Lord Balfour discussing a

**LAST VICTIM CLEW IN FILE**

**Body Found in Silk Plant May be Identified by Missing Letters of Job Hunters**

[EXCLUSIVE DISPATCH]

SAN FRANCISCO, Aug. 5.—A pile of letters, five containing names and addresses of persons who sought employment at the plant of the Cello Cellulose Company at Walnut Creek from Charles Henry Schwartz, will divulge the identity of the person whose charred body was found in the ruins of the laboratory after the explosion of the night of July 30.

This information was gained at plant today by investigators who made a careful search after Esther Hatfield, personal secretary for Schwartz, had exploded rock there. The package of fuses had been opened and one length was missing. It may have been used in setting fire to the chemical sprinkler laboratory with the dead body from outside the room. All evidence shows that

Under unpromising circumstances he said he was hopeful of a result. But added it was impossible to speak with confidence. Lord Sutherford said that the China bureau in getting a more controlled government would secure the ordinary requirements of civilization could the Chinese government be ready to do anything for China. He would be sheer insanity to attempt to interfere in the personal life of China.

## STRIKE CALL IN EAST PREPARED

(Continued from First Page)

where the anthracite fields operated, succeeded in bringing an agreement, it may be expected. The miners would not bring about an adjustment. This difference of operators and miners would be the present national fall.

On July 3, 1923 the Coal Commission made a number of suggestions. The law of 1912 enacted into law, would be

interviewed several applicants within a week or two before the st. the file of applications by Mrs. Schwartz denied herself to all visitors today. The statement was made at her Berkeley home that she was in bed with a nerv-

"The President of the United States should be authorized by Congress to declare that

[illegible]

The Federal Trade Commission's report on the anthracite strike in Pennsylvania states that the establishment of a government agency which shall give publicity to production cost estimates, and greater control in the field.

**NOVA SCOTIA MINERS**

one of his former activities. The Berkeley biologist, who made a thorough dissection of the plant, had been in the closet of that man who had been ordered by Schwartz to wait in the room for two hours before the blood had not been stained on the wall of the closet. He looked down from a wound in the head. It had flowed down in the closet, and he had seen it below the floor and on the floor beneath, staining the plaster. He had seen the blood on the plant by a blow at the back of the skull. It gelled. The crime scene was too much orderliness for him. It was too much orderliness for him. It was too much orderliness for him. It was too much orderliness for him.

HALIFAX (N. S.) Aug. 5.—The miners of Nova Scotia, employed by the British Empire Steel Corporation, agreed by a majority of 112 to 1 in plebiscite today to turn to work under the provisions of the provincial government. There were 693 votes polled, 681 of the miners not voting. The directors of the Corporation meeting in Montreal today to consider the same terms, characterized by the government when they were presented last Friday as "final proposals," adjourned to meet again tomorrow.

It is still undecided, therefore, whether or not there is to be a nearly resumption of work, which has been proposed by Premier Borden and his Cabinet, will be undertaken.

**SWARTZ'S EXPERIMENTS**  
The plant bears every evidence to show it was assembled with a view to impress the lay mind and to manufacture artificial evidence. The plant was built by Schwartz, carrying on any experiments in a laboratory was not even wired for electricity. The plant is a sole business of lighting it with a single kerosene lantern from the front window. Part of the plant is under suspicion of his being there without lights.

Today's examination of the plant showed Schwartz had lost lengths of wire. Schwartz had told friends he had a mine near Redding in that he was using this Redding

mine. The books were discovered in the body of the car, but the public until tonight. One of the books contains the signature of the man who shot the bomb. The authorities are now searching. It is another is the name of F. M. Tiller, with his address given as Tiller, 1001 S. Dallas.

Tinning said he had communicated with the Dallas Chief of Police, J. E. Tinning, who said he had never been in California.

## Redondo Beach

*A safe place for you to invest*

Redondo Beach has enjoyed a healthy, steady growth. From a small fishing village in 1900, it has grown to a real city with a population of 11,500.

There has never been a real estate "boom" in Redondo Beach to create high realty prices. You can buy a home-site, overlooking the ocean, from \$3000 to \$5000. A home-site along the ocean front may be had for one-fourth the price asked for equal values in some localities. Business property is correspondingly low in price.

Desirable available beach property in Southern California is scarce. It has experienced greater demand and is more certain of advancing in value than any other. Now is "Low-tide" in realty in Redondo Beach. **BUY NOW** and reap the benefits of "High-tide."

Look at Redondo Beach from the home and investment standpoint. Compare its realty values with other communities. You will be convinced that it offers greater possibilities for a safe and sane investment.

Make your home and invest your savings where you may be reasonably sure of good returns.

Get all the facts about Redondo Beach—write for FREE illustrated folder.

### NEW IMMIGRANT POLICY POPULAR

American Tests in London Please Britishers

Minimum of Trouble Under System Devised

Tourists Passed Regardless of Quota Limits

(BY CABLE-EXCLUSIVE DISPATCH)  
LONDON, Aug. 5.—Examination of British emigrants to the United States at London, Southampton, Glasgow, Belfast and other British ports is proving popular with those about to try their fortunes in America. They have all heard of Ellis Island, and read highly-colored statements of what those who pass the portals have to go through, and are delighted to undergo examinations here which they recognize as necessary.

Nice offices were established by the American government here. The examination conducted is little more than a test of the emigrant's ability to read and write, and a test of his health. The visitor to the United States is placed himself at the immigration department's office at Cavendish Square finds a system devised to save him all trouble possible, and running easily, although it started only last Saturday. As he enters a competent maid addresses him and asks if he wants to go to the United States as a tourist or immigrant, and promptly directs him to the proper quarter. For those expecting to stay six months or less there is no need to bother about quota, and they can sail within four months, passing the consulate regardless of the number of immigrants going at the same time. They have to go before a doctor and special immigration officer before a visa is granted, but no technicality is raised to obstruct short visits.

In case one is hoping to make the United States his permanent residence, a more stringent examination is required. First, it is necessary to get a place of his own, and to do that it is necessary to make application by letter. A number is assigned each intending immigrant who succeeds in getting on the list, and that number is far from easy. Roughly three times as many citizens of Great Britain and Northern Ireland are trying to get to America as America under the present law will receive, and applications for admission must be taken strictly in the order in which they are received. Once the quota number is issued, the next step with the consulate, and it writes each applicant giving him an appointment when his application for a visa will be considered. The applicant must keep the appointment personally. As soon as he has been seen by the consulate he is sent before a doctor. Once that is passed the immigration office inspectors get to work, and questions such as coming labor prospects and danger of becoming public charges are gone into. Thomas Murphy, director of the immigration department, has final inspection of the applicant and if all other tests are passed and his approval is gained a visa is granted.

### PERU GIVES HIGH HONOR TO CALLES

White Cross of Diamonds Viewed as Significant by Some Diplomats

(BY CABLE-EXCLUSIVE DISPATCH)  
MEXICO CITY, Aug. 5.—The Peruvian government has conferred the White Cross of Diamonds of the Order of the Sun on President Calles, as an indication of the high esteem in which the Mexican executive is held by the government of Lima. The decoration dates back to the period of Simon Bolivar, the liberator, and the newspapers here state that it is seldom conferred on a foreign government.

Some gossip has been created here in diplomatic circles by the action of President Leguia of Peru. The argument is based on the recent objection on the part of Peru to President Coolidge's Tacna-Arica plebiscite ruling and some diplomats are frankly wondering why the sudden interest in Mexico on the part of Peru.

Besides the higher decoration conferred on President Calles by the Peruvian government the announcement is made that decorations have been awarded to Foreign Secretary Azorin, Senor Estrada; to Ignacio Herrera, Mexican Charge d'Affaires at Lima, and to several other officials here.

### Head of Family Takes Own Life After Acquittal

(BY CABLE-EXCLUSIVE DISPATCH)  
PARIS, Aug. 5.—Jean Veret, father of eleven children and highly respected in the town of Clermont-Ferrand, during the war an American doughboy center, has taken his life rather than face the dishonor which went with his acquittal of falsifying titles to land worth only \$5.

Although acquitted of the charge in court he wouldn't be consoled by his family.

COPPER MAN OFFERED THANKS BY PRESCOTT  
(EXCLUSIVE DISPATCH)  
PRESCOTT (Ariz.) Aug. 5.—Manager Robert E. Tully of the United Verde Copper Company has been extended the thanks of Prescott because of his action in rushing an electric motor from Jerome to take the place of one that had broken down in the municipal pumping station at Willow Creek. The city now is obtaining an additional supply of 200,000 gallons of water a day from new pumps on lower Granite Creek.

### MEXICO PLANS SPORT MEET

Amateur Athletic Event to Take Place Next Fall; First of Its Kind for Nation

(BY JACK STARR-HUNT)  
(BY CABLE-EXCLUSIVE DISPATCH)  
MEXICO CITY, Aug. 5.—The first intra-republic amateur athletic tournament ever to be conducted in Mexico will take place during the months of September and October, and is now being organized by the newspaper Excelsior.

It is expected that there will be at least 1000 athletes who will come here from all sections of the republic and take part in the varied program that will be given. This is the first definite attempt ever made in Mexico to boost public sports. Several weeks ago the paper announced that the tournament would be conducted and briefly outlined the proposed plan to be followed. The announcement met with immediate and encouraging response from educational and physical culture departments of the government.

### THE NEW HOME FOR THE SOUTHERN SEAS CLUB

OFFICE OF THE MAYOR  
CITY OF NEWPORT BEACH  
CALIFORNIA

Mr. C. G. C. Tatum,  
President, Realty Board,  
Los Angeles.

My dear Mr. Tatum:

Enclosed this year disclose that 755 parcels of real estate at Newport and Balboa are owned by Los Angeles people.

We congratulate them; property values here are rising steadily. Among the reasons—besides the natural advantages of location—are the proposed extension of harbor improvements, for which a new bond issue is up this fall; and especially the plans of the SOUTHERN SEAS CLUB.

This Club, by the way, is different from the ordinary shore club. It has not been forced by promoters. On the contrary, it is actually an outgrowth of a need which our people here, and many of our visitors have felt for a long time. It provides a good place to eat, a good place to sleep, to keep your boat, and to enjoy every sport of both day and ocean. It is all back of it enthusiastically.

It will involve an investment of over \$1,000,000. An inside the-Club-house landing for small boats will be one of the novel features of the new building; six floors will be devoted to private living rooms and apartments—some with bay frontage, some facing the ocean.

We expect this Club to play no small part in the social and yachting life of Southern California. It will be a feature which Los Angeles will be glad to advertise as a major attraction for tourists and visitors. Let us urge you to visit the Club with your family—it is very attractive, even now.

Yours very truly,  
L. J. Faulkner  
City Tax Assessor.

NOTICIAS MUNDIALES DE ULTIMA HORA

En el momento que nuestros lectores de habla española, y para beneficio de los lectores americanos de "The Times" que estudian una lengua, publicamos diariamente esta columna en castellano, con un extracto de las más importantes noticias de última hora.

Después de haber publicado el programa de los Angeles, que es la metrópoli de los Estados Unidos que más cerca se halla a territorio latinoamericano, habrá de depender de las relaciones que logremos establecer con nuestros hermanos, las repúblicas del sur. Para que lleguen a ser enteramente cordiales, no hay nada tan importante como que nuestros ciudadanos se familiaricen con la lengua castellana. Tan es una cuestión de este hecho, nuestros habitantes que hay al presente más de 25,000 personas que estudian español en Los Angeles. A ellas les conviene leer todos los días esta columna, en la que encontrará español correcto y enteramente moderno.

NOTAS TELEGRAFICAS

El Perú Condecora al Presidente

Calles

CIUDAD DE MEJICO, 5 de agosto.—El gobierno peruano ha otorgado la Cruz Blanca de Diamantes, de la Orden del Sol, al presidente de México, general Calles, como una prueba de la alta estimación en que el gobierno de Lima tiene al representante del poder ejecutivo mexicano. La Orden del Sol fue establecida durante el período de gobierno del libertador Simón Bolívar, y los periódicos de esta capital informan que en muy contadas ocasiones se otorga a un gobernante extranjero.

Muy comentada ha sido la resolución del gobierno peruano, en los círculos diplomáticos de México. Fortian base para estos comentarios ciertos incidentes internacionales, como el reciente desagrado que causó en el Perú el laudo arbitral del Presidente Coolidge, sobre la disputa de Tacna y Arica, dependiendo que fuera resuelta por medio de un plebiscito, resolución que levantó objeciones de parte del gobierno de Lima. Algunos de los diplomáticos que han comentado aquí al honor dispensado por el presidente Leguía al general Calles, expresan franca admiración por "el espíritu de fraternidad" que México ha demostrado en el Perú.

Además de la condecoración otorgada al presidente Calles, la administración peruana ha condecorado otras de distinta categoría, al secretario de Relaciones Exteriores, Sr. Aaron Sáenz, al subsecretario Sr. Genaro Estrada, al Encargado de Negocios de México en Lima, Sr. Ignacio Herrera, y a otros varios funcionarios públicos mexicanos.

Se Establecerá un Plan de Educación Para Los Indios

CIUDAD DE MEJICO, 5 de agosto.—Ayer se recibieron informes semioficiales de que México seguirá las huellas marcadas por los Estados Unidos, en lo que se refiere a la educación de los indios. Para ello se proyecta establecer un internado, en el que recibirán educación y instrucción los indios de raza pura, bajo los sistemas más modernos, con el propósito de sacarlos del aislamiento en que han vivido, y conseguir sustraerlos al ambiente en que viven, bajo la influencia de la gente de su raza que los rodea. Los niños indígenas de 12 a 16 años de edad, serán traídos de las serranías donde prevalecen los dialectos y costumbres de su raza, en pugna con la civilización moderna.

Se estima que en todo el territorio mexicano, hay como 4,000,000 de indígenas que ni siquiera conocen el idioma español, sino que hablan sus dialectos primitivos; probablemente como 2,000,000 más, hablan un dialecto y español; y que hablan asteca, se calcula que hay 1,000,000.

La subsistencia de los dialectos indígenas, en una proporción tan grande, en los habitantes de México, es la dificultad mayor con que tropieza el gobierno mexicano para educar a los indios, y para luchar contra el analfabetismo, que abarca como un 10 por ciento de los habitantes de esta República.

NOTAS LOCALES

Un Miembro del Jurado se Desmaya Antes del Veredicto

Demando

La Sra. John Snell, quien formó parte del jurado que conoció del proceso instruido contra Willie Adams y Alfonso Rincón, por el asesinato de T. K. Ullman, "el saltador de Elizabeth Lake," sufrió un desmayo en los momentos en que, terminados los procedimientos legales, los jurados pasaban a deliberar, para dar su veredicto. Fue atendida inmediatamente, y al responder, tomó parte en las deliberaciones, y convino con sus colegas que se pronunciara un veredicto de condenación, declarando culpables de homicidio calificado a los acusados, sin recomendar que se les hiciera gracia. Esto significa la pena de muerte, que será impuesta, sin que quepa recurso alguno, por el juez Keech, quien tendrá que dictar la sentencia el fin de semana.

El jurado no encontró meritos para tomar en consideración las deposiciones de los acusados, quienes mutuamente trataban de arrojarse la responsabilidad, diciendo cada uno que el otro había sido el asesino y que él fue obligado a arrojar al cadáver al pozo donde fue encontrado.

Las deliberaciones del jurado duraron 45 minutos.

Charles Infantiles para Chiquillos de Escuela

NUMERO 88

¡Cuántas veces, oyendo aquellos gritos terribles, fragorosos (how many times, as we heard those terrible, thunderous shouts), viendo su ademán alzado y su ojo encendido (as we saw his wrathful gestures and his burning eye), pensamos que iba a arrojarse sobre el desdichado sacerdote que había leído la imprevisión de acercarse a él (we thought he was going to rush upon the unhappy priest who had read the excommunication to approach him).

Este hombre pavoroso tenía un sobribo de cocho o diez años, como nosotros (this dreadful man has an 8 or 10-year-old nephew, like us). ¡Desdichado! (Unlucky one!). No podíamos ver en el caso sin sentir hacia él compasión infinita (we could not see him in the promise without feeling an infinite pity for him).

Andando el tiempo he visto a un domador de fieras introducir un cordero en la jaula del león (in the afternoon I have seen a wild beast tamer put a lamb into the lion's cage). Tal impresión me produjo como la de Casparito Toledano paseando con su tío (it made the same impression on me as little Caspar Toledano walking with his uncle).

Muy comentada ha sido la resolución del gobierno peruano, en los círculos diplomáticos de México. Fortian base para estos comentarios ciertos incidentes internacionales, como el reciente desagrado que causó en el Perú el laudo arbitral del Presidente Coolidge, sobre la disputa de Tacna y Arica, dependiendo que fuera resuelta por medio de un plebiscito, resolución que levantó objeciones de parte del gobierno de Lima. Algunos de los diplomáticos que han comentado aquí al honor dispensado por el presidente Leguía al general Calles, expresan franca admiración por "el espíritu de fraternidad" que México ha demostrado en el Perú.

Además de la condecoración otorgada al presidente Calles, la administración peruana ha condecorado otras de distinta categoría, al secretario de Relaciones Exteriores, Sr. Aaron Sáenz, al subsecretario Sr. Genaro Estrada, al Encargado de Negocios de México en Lima, Sr. Ignacio Herrera, y a otros varios funcionarios públicos mexicanos.

Se Establecerá un Plan de Educación Para Los Indios

CIUDAD DE MEJICO, 5 de agosto.—Ayer se recibieron informes semioficiales de que México seguirá las huellas marcadas por los Estados Unidos, en lo que se refiere a la educación de los indios. Para ello se proyecta establecer un internado, en el que recibirán educación y instrucción los indios de raza pura, bajo los sistemas más modernos, con el propósito de sacarlos del aislamiento en que han vivido, y conseguir sustraerlos al ambiente en que viven, bajo la influencia de la gente de su raza que los rodea. Los niños indígenas de 12 a 16 años de edad, serán traídos de las serranías donde prevalecen los dialectos y costumbres de su raza, en pugna con la civilización moderna.

Se estima que en todo el territorio mexicano, hay como 4,000,000 de indígenas que ni siquiera conocen el idioma español, sino que hablan sus dialectos primitivos; probablemente como 2,000,000 más, hablan un dialecto y español; y que hablan asteca, se calcula que hay 1,000,000.

La subsistencia de los dialectos indígenas, en una proporción tan grande, en los habitantes de México, es la dificultad mayor con que tropieza el gobierno mexicano para educar a los indios, y para luchar contra el analfabetismo, que abarca como un 10 por ciento de los habitantes de esta República.

NOTAS LOCALES

Un Miembro del Jurado se Desmaya Antes del Veredicto

Demando

La Sra. John Snell, quien formó parte del jurado que conoció del proceso instruido contra Willie Adams y Alfonso Rincón, por el asesinato de T. K. Ullman, "el saltador de Elizabeth Lake," sufrió un desmayo en los momentos en que, terminados los procedimientos legales, los jurados pasaban a deliberar, para dar su veredicto. Fue atendida inmediatamente, y al responder, tomó parte en las deliberaciones, y convino con sus colegas que se pronunciara un veredicto de condenación, declarando culpables de homicidio calificado a los acusados, sin recomendar que se les hiciera gracia. Esto significa la pena de muerte, que será impuesta, sin que quepa recurso alguno, por el juez Keech, quien tendrá que dictar la sentencia el fin de semana.

El jurado no encontró meritos para tomar en consideración las deposiciones de los acusados, quienes mutuamente trataban de arrojarse la responsabilidad, diciendo cada uno que el otro había sido el asesino y que él fue obligado a arrojar al cadáver al pozo donde fue encontrado.

Las deliberaciones del jurado duraron 45 minutos.

Charles Infantiles para Chiquillos de Escuela

NUMERO 88

¡Cuántas veces, oyendo aquellos gritos terribles, fragorosos (how many times, as we heard those terrible, thunderous shouts), viendo su ademán alzado y su ojo encendido (as we saw his wrathful gestures and his burning eye), pensamos que iba a arrojarse sobre el desdichado sacerdote que había leído la imprevisión de acercarse a él (we thought he was going to rush upon the unhappy priest who had read the excommunication to approach him).

Este hombre pavoroso tenía un sobribo de cocho o diez años, como nosotros (this dreadful man has an 8 or 10-year-old nephew, like us). ¡Desdichado! (Unlucky one!). No podíamos ver en el caso sin sentir hacia él compasión infinita (we could not see him in the promise without feeling an infinite pity for him).

Andando el tiempo he visto a un domador de fieras introducir un cordero en la jaula del león (in the afternoon I have seen a wild beast tamer put a lamb into the lion's cage). Tal impresión me produjo como la de Casparito Toledano paseando con su tío (it made the same impression on me as little Caspar Toledano walking with his uncle).

Photographer Mashed 1500 Miles into Interior of Alaska to procure the three unusual photographs above, probably the first ever taken in the districts in which they were snapped. The photograph at left shows business places of Iditorod, a little mining camp on the Iditorod River, from which \$20,000,000 in placer gold has been taken. The cabin is the shop of an all-year-round fur buyer, who is also the village store. The photograph at right is a landscape on the Nenana River in the Broadpass section of Alaska. A few days after this photograph was taken, the first snowfall of the year blanketed the hills and valleys. (Kadel & Herbert Photo.)

## Life

## SANTA MONICA

DEVELOPING THE BAY SHORE

We are pigud to talk about the wealth of Los Angeles County.

It now stands above every county in America except New York.

We believe, with logical reason, that it will eventually exceed that of New York.

We think that the star of empire—languishing westward—will finally come to rest over Los Angeles County.

Wise men will be slow to dispute it.

Los Angeles County, capital of the world, does not sound strange to those who understand the forces operating to make it that.

One of the wonders of America is the situation of the great city of Chicago so that you can almost kick a football from its very business center out into the boundless (to the eye) waters of Lake Michigan.

After spoiling the "Lake Front," Chicago—through a long period of years—and with enormous expenditure—is slowly building a new "Lake Front," which will truly be one of the wonderful things of earth.

In all the world no city or county has so beautiful, comfortable and potentially valuable an ocean front as Los Angeles County.

And, in view of its destiny, no county needs it more. And none has such great opportunity to capitalize it.

Whether the twenty-five miles, more or less, of the Santa Monica Bay Shore are to be developed publicly or privately is not the main issue.

But whether by county, cities or individuals, or all three, the plan and rules for protection, preservation, conservation and development should be established now.

## GREATER SANTA MONICA CLUB

SANTA MONICA—BY THE SEA

It is a matter of business, of pride, of everlasting pleasure—and of necessity.

And every month's delay will add bitter tears to our future.

It is a problem of shore development, breakwaters and roads, roads, roads, and more roads.

What you see in the pictures is a seven mile dead end road.

But in a few months this will be the through State Highway to Santa Barbara and San Francisco.

The county and cities cannot act too soon.

The highway system to and from the bay and around the bay should contain many wide, through, fast concrete roads.

Today there is not one that is adequate. And the best one is fast being spoiled.

If we do as well today with our present ability to see, as Senator John P. Jones did fifty years ago with his ability to visualize the future at that time, we will do well.

Santa Monica's wide streets and that incomparable gem, Palisades Park, are his monuments.

There are giants also in these days who will leave monuments. But the time has come when the Santa Monica Bay Shore must be considered, protected and developed as a whole.

Here is scope for the best intelligence in America.

Santa Monica, Pearl of the Pacific, where the mountains meet the sea—at the end of the rainbow of human hope and westward striving—is no longer simply a local interest. It is an American interest.

## CEREMONY AT COTTON BALING

First San Joaquin Valley Compress at Work

Exercises Conducted When Fresno Plant Opens

Initial Bundle Bound With Bands of Silver

(EXCLUSIVE DISPATCH) FRESNO, Aug. 5.—With appropriate exercises in which more than 100 persons participated, the first bale of cotton was compressed in the San Joaquin Valley today when the central plant of the valley's newest industry, the cotton compress of the Fresno Compress and Warehouse Company, was dedicated at Calwa, three miles south of Fresno.

The ceremony was held under the auspices of the Fresno County Chamber of Commerce, the industrial committee of which was instrumental in bringing the compress here.

With the crowd of interested business men, cotton growers, financiers, ranchers and others looking on, Mayor Al Sunderland pulled the lever which sent the steam into the compress and began pressing the 500 pounds of cotton into a smaller and more compact mass. Once the bale was reduced to the desired dimensions it was bound with bands of silver, placed upon a decorated motor truck and became the center of a long parade of motor cars through Fresno streets.

The bale will be on exhibition at the First National Bank here for two weeks and will then become permanent property of the Chamber of Commerce.

H. Clay Miller, president, and W. H. Sullivan, secretary, presided at the ceremony and George C. Davis, of Oakland, E. Parker Friselle, Chamber of Commerce director of Fresno and superintendent of Kearny Farm, A. T. Gibson, manager of the compress, Mayor Sunderland, and Frank D. Bradford, president of the Chamber of Commerce, who presided at the ceremonies, C. E. Ashburner, City Manager, gave a delegation of officials and newspaper men from that city.

## LAW MAKERS STUMPED

Question of Fair Bathing Garb Puzzles Commissioners

By a "Times" Staff Correspondent SANTA MONICA, Aug. 5.—Santa Monica City Commissioners are still receiving many appeals for some action to be taken in the proper garb and none in which fair bathers are allowed without robes, upon the city's streets. Commissioners are puzzled to arrive at the proper action to be taken. The city has been tried, but newspaper advertising of that sort does not particularly appeal to the Commissioners.

City executives have not quite convinced themselves that the matter is not too immediate for persons to be seen fifty feet from the beach in bathing suits rather than in the water's edge.

A motion that the matter be referred to City Attorney Coffin was not carried. It was pointed out that he was very busy in Los Angeles courts, with street opening proceedings and Commissioners in a majority did not feel that he should be burdened with the questions of bathing suits or morals.

## LONG STREET IS TO BE PAVED IN VALLEY

(LOCAL CORRESPONDENCE)

VAN NUTS, Aug. 5.—The George R. Curtis Paving Company, it is announced here, is the low bidder at \$172,087 for the paving of Vanowen street from Balboa avenue to the western city limits in the western end of San Fernando Valley. The improvement will run from the center of the valley, a distance of nine or ten miles. When this paving is completed Vanowen street will be paved throughout its entire length, a distance of nearly twenty miles.

The George A. Simpson Company of Burbank is the lowest bidder. It is announced on the paving of Saugus avenue from Ventura Boulevard to Roscoe street, a distance of about four miles. When completed, this street will link up with other thoroughfares, making it one of the most important north-and-south highways through the entire valley section. The total of the Simpson bid was \$122,018. About 800,000 square feet of asphalt concrete paving will be laid.

## OLD RIVER FIRE-SWEPT

Flames Follow Explosion and Entire Business Block Destroyed in Short Time

(EXCLUSIVE DISPATCH)

BAKERSFIELD, Aug. 5.—Fire destroying property valued at \$20,000 swept Old River, twelve miles southwest of here last night, following an explosion in the garage of F. O. Bacon before the conflagration could be stopped by the Old River people, who were using water buckets and wet blankets, it had razed the entire block of business houses owned by Gean Edchochop and leased by Ed Bacon.

Mr. Bacon said that he and his family were having dinner when they heard a terrific explosion from the vicinity of the garage. Rushing outside, he found flames bursting from the building, and he hastened to warn others to remove household furniture from the rear of the store.

The fire raged for two hours. The entire set of buildings, including the garage, Mr. Bacon's merchandise store and ice-cream parlor, was in flames within a few minutes, and efforts to save some

## STRAND PURCHASE LOOMS

Huntington Beach May Be Forced to Act in Keeping Ocean Frontage for Use of Public

(EXCLUSIVE DISPATCH)

HUNTINGTON BEACH, Aug. 5.—Ocean frontage may be purchased by this city as a result of threats by the Huntington Beach Company, that they might prohibit the use of the beach to the public if the city government did not pass an ordinance to keep tents off the sand.

Interviews with numerous business men in the city disclosed the fact that a serious condition existed in the city. The town is under the threat of a lawsuit by the Huntington Beach Company, which has not definitely stated that it would close the beach to the public, it has called attention to the fact that it lies within its power to take the step.

C. F. Patton, former president of the Huntington Beach Company and prominent business man, has individually asked members of the Board of Trustees to appoint a committee to open negotiations for the ocean front. Just how much of the beach will be wanted by the company has not been determined.

The ocean frontage here seems to give the Huntington Beach Company much worry and is always a source of trouble between the company and the city. The town is also handicapped by not owning the ocean front, and the people do not like the dictation of the company," Patton said.

That condemnation proceedings be started to secure the ocean front is the declaration of local business men. Action is also expected from the Chamber of Commerce at a regular meeting today. The city Trustees also refused to take action in moving the beach stand, which was requested by the Huntington Beach Company. A report by City Clerk George C. Wright revealed the fact that the music and prominent fund of the city was exhausted and that it would be impossible to take any action. The Trustees have taken steps to remove a thatched palm-leaf canopy, which was claimed by the Huntington Beach Company to be a fire hazard.

## INGLEWOOD DECIDES TO PAVE MANCHESTER

(LOCAL CORRESPONDENCE)

INGLEWOOD, Aug. 5.—County Supervisors have passed a resolution appropriating \$15,000 toward the paving of Manchester street, and other important thoroughfares, in the city of Inglewood. The resolution was passed by a vote of 10 to 2. The city of Inglewood is one of the fastest growing cities in the state, and the paving of Manchester street will be a great help to the city. The city of Inglewood is one of the fastest growing cities in the state, and the paving of Manchester street will be a great help to the city.

## MEXICALI TO HAVE FIRE ALARM SYSTEM

(EXCLUSIVE DISPATCH)

CALEXICO, Aug. 5.—Mexicali, California's twin city across the border, is to install a fire alarm system, according to President F. Palacios, head of the Mexican city government. In the past the fire department was summoned by revolver shots fired by members of the police department. Palacios arrangements have been made to install the first unit of the system at a cost of \$500. It is planned to have the system in working order by September 14, the Mexican Day of Independence. It is also planned to have the ornamental street lights on the main mall, along the Avenida Independencia installed by the same date.

## HEALTH DEPARTMENT WANTS MORE ROOM

(LOCAL CORRESPONDENCE)

REDONDO BEACH, Aug. 5.—The county health department, with headquarters for this district in the City Hall, has requested another building for the use of a tuberculosis clinic. The matter has been referred by the Board of Health to the Public Properties Committee and Dr. Baker, director of the department, with full power to act.

## FRESNO STORE ROBBED

(EXCLUSIVE DISPATCH)

FRESNO, Aug. 5.—Gaining entry to the J. C. Penney Company store at 1515 Broadway, by means of removing a large section of the rear door, burglars looted the establishment of approximately \$1000 worth of merchandise. It was reported today by Frank Reed, store manager. The only clue left by the burglars was an anger which was used to bore thirteen holes in the door in effecting entrance. Most of the loot was men's suits and women's dresses.

## PIONEER OFFICIAL AT SANTA BARBARA DIES

(EXCLUSIVE DISPATCH)

SANTA BARBARA, Aug. 5.—John T. Torrence, County Supervisor from Santa Ynez, died suddenly at his home this morning while working on his ranch.

Mr. Torrence had been a county official for many years and was recently re-elected for a four-year term. Because of the emergency work facing the county during the period of reconstruction, Gov. Richardson will be asked to immediately name a new member of the board.

## RAILWAY POWER LINE IN HUNTINGTON PARK

(LOCAL CORRESPONDENCE)

HUNTINGTON PARK, Aug. 5.—A crew of linemen of the Los Angeles Street Railway Company has just completed stringing 400-wire cable along their poles between the street-car tracks in the Huntington Park section. The crew announces that this new cable will act as a feed wire to the trolley wire. Two thousand feet have been strung along the "J" line in this vicinity, reaching as far as Florence avenue.

## DAM AT PRADO RECOMMENDED

Engineer Lippincott Makes Extended Report

Would Control Flood Waters of Santa Ana River

Irrigation Companies Await Publication of Findings

(EXCLUSIVE DISPATCH)

SANTA ANA, Aug. 5.—Recommending construction of a great dam at Prado as its principal feature, an exhaustive report by Engineer Lippincott, regarding conservation of Santa Ana River waters was tentatively submitted to the County Board of Supervisors today.

The report will be scrutinized by committees of engineers and laymen representing both municipal and irrigation interests, and may be subjected to revision or modification before being formally filed with the Supervisors.

Meanwhile, the text of the report is being made known by the officials until such time as it is ready for disclosure in its completed form.

That the Prado dam figure as the corner-stone of the plan because known through Lippincott himself, when he informally discussed his report several days ago with directors of the Santa Ana River Development Company at Anaheim. Details of the dam project, as outlined by the engineer, are unknown, but he is reported to contend that a dam at Prado would handle flood waters as great as those of 1915, with full conservation of every drop.

The committee of engineers selected to examine the Lippincott report includes Engineer Carlyle of the Anaheim Union Water Company, Engineer J. L. McBride, head of the large water companies concerned with the river and its tributaries, and a representative of the plan upon the county's roads and bridges, as they might be affected by flood-control work.

## Santa Barbara Tax Valuation Shows Increase

(EXCLUSIVE DISPATCH)

SANTA BARBARA, Aug. 5.—The assessed valuation of Santa Barbara county increased from \$67,719,255 in 1924 to \$68,228,555 on July 1 of this year, according to the report submitted to the Board of Supervisors today. The Santa Barbara city valuation increased from \$20,546,828 to \$21,703,580. The assessed valuation of the county is the highest in the state.

Under the new California law solvent credits of a value of \$15,000 are to be given to persons who voluntarily action of their owners. Assessor Tomlinson, who is secretary of the California and non-assessors Association, asserted that this is the best refutation of eastern bankers' contention of a new tax law.

Hundreds of people are bringing their money here and the new law, based on an assessment of 7 per cent of the par value. Many of the new assessments are on eastern stocks and bonds and investments in California securities.

## MILLIONS TO INVEST

(EXCLUSIVE DISPATCH)

SAN DIEGO, Aug. 5.—Convicted that San Diego is on the threshold of a new era of development, a group of investors, headed by John P. Mills and Alexander Panatier, theatrical magnate, are now in the city with millions of dollars to invest in the city. The group is headed by John P. Mills and Alexander Panatier, theatrical magnate, are now in the city with millions of dollars to invest in the city.

## BROTHERS FORGIVE WIVES

Sisters-in-Law in Double Elopement to Return Home if They Escape the Law

(LOCAL CORRESPONDENCE)

SAN BERNARDINO, Aug. 5.—Forgiven by their husbands, Ollie and Beasie McClelland, pretty young sisters-in-law who eloped from Barstow with their star boarders Homer and Cecil Wayne, two months ago, will return to their homes, if they escape the law.

John McClelland, the husbands of Ollie, visited her today in the County Jail, where the wives and the Wayne brothers are held to await trial and arranged a reconciliation for both himself and his brother, William, the sisters-in-law admitted.

"We are going back to our husbands and our children," Ollie said. "Our husbands have agreed to treat us better and arranged a reconciliation for both themselves and their children. I am worth more than my children," Ollie continued, showing

## FRAUD CHARGED IN RANCH DEAL

Seventy Thousand Dollars Damages Asked

Owners and Agents in Dairy Transaction Sued

Overvaluation Alleged in Complaint

(EXCLUSIVE DISPATCH)

RIVERSIDE, Aug. 5.—Fraudulent misrepresentation of the value of the B and B Dairy ranch property at Beaumont is alleged in a complaint for \$70,000 damages filed in Superior Court here today by Grace and F. E. Dean against S. A. Hedding, Ross H. Head, Grace L. Dale, Roy Dale, William Hahn, et al.

In their complaint the Deans allege that the value of the ranch was misrepresented to them by Hedding and Hahn, when negotiations for the purchase of the Beaumont property for a garage business and real estate in San Francisco then belonging to the plaintiffs, were under way.

## Three Held on Complaint of Girl's Parents

(LOCAL CORRESPONDENCE)

GLENDALE, Aug. 5.—Three young men, all under 20 years of age, charged with giving liquor to Daisy Mueen, 17, of 6201 Poppy Drive, Highland Park, were today confined to the County Jail by Judge Lowe and were transferred to the County Jail this afternoon on a charge of contributing to the delinquency of a minor.

The boys are John Royal, 18, of 10 Alameda street, Charles McKelvey, 17, of 4418 Buchanan street, and Eugene Baker, 17, of 4418 Buchanan street, all of Los Angeles.

The arrest was made by Sgt. Hamilton and Patrolman Claxton of the Los Angeles Police Department, after the officers had heard a scream from the brush near the road. The boys were taken to the car that had been parked beside the road.

## PASSPORT RULES AT BORDER ENFORCED

(EXCLUSIVE DISPATCH)

CALEXICO, Aug. 5.—Both the Mexican and the United States immigration offices are enforcing passport regulations on the border at Mexicali. Aliens living in the United States and entering Mexico by the immigration inspectors on the United States side of the line will find similar rules required by Mexican officials.

## AMMONIA TANK IN MARKET GOES AWRY

(LOCAL CORRESPONDENCE)

VAN NUTS, Aug. 5.—A \$80 loss in ammonia was suffered by the Westfall Market in the Public Market Building, where a weak-gasket in the oil tank above the ammonia system gave away, flooding a part of the machinery rooms with fumes. The Van Nuts fire department was called to correct the trouble, two or three of the firemen becoming partly overcome in their attempt to turn off the noxious fume. While at work the firemen wore gas masks, none of which appeared to be proof against ammonia fumes.

## COUNTRY HOME NEAR HANFORD DESTROYED

(EXCLUSIVE DISPATCH)

HANFORD, Aug. 5.—The handsome country home of John Sanborn on the Grandview Boulevard, three miles west of Hanford, was burned to the ground at 7 o'clock this morning. The only occupants were John Sanborn and his wife, Mrs. Sanborn and daughter being in Oakland. Sanborn and Moore were at breakfast when the flames burst through the ceiling near a fire from which it is supposed the fire started. The house was quickly in flames and only a few articles of furniture in the dining-room were saved. The house and contents were practically a total loss in the sum of \$1500, partially covered by insurance.

## SEEKS BEACH FETE LAURELS

De Loria Young, who will appear in unique ocean front promenade sponsored by Amusement Men's association of popular seaside resort on Sunday, the 16th inst., and in which sixty girls will participate.

(EXCLUSIVE DISPATCH)

RIVERSIDE, Aug. 5.—The Deans allege that the value of the ranch was misrepresented to them by Hedding and Hahn, when negotiations for the purchase of the Beaumont property for a garage business and real estate in San Francisco then belonging to the plaintiffs, were under way.

Hedding, Grace L. Dale, and Roy Dale are each the owners of the B and B ranch at the time of the exchange.

The Deans assert that the ranch and other property in reality worth only \$30,000, were represented to them as being valued at \$100,000. Instead of fifty head of cattle which they claim they were told were on the ranch, the Deans assert they found only forty-four head of cattle.

1850, proved to be good for beef only, they assert, and the ranch had allegedly been represented to them as being worth \$14,000 in reality. The Deans claim that the ranch was worth \$14,000 in reality, according to the complaint. A long list of similar allegations were cited in support of the request for \$70,000 damages. The plaintiffs claiming they were only recent arrivals from Michigan and knew little of ranch business or of realty values here.

## RED-HEADS TO PARADE FOR PRIZES

(EXCLUSIVE DISPATCH)

VENICE, Aug. 5.—Sixty red-headed girls, attired in the season's latest bathing tops, will parade the ocean front promenade, Sunday, the 16th inst., when the Venice Amusement Men's Association, under the direction of D. J. Davis, president, will present the first red-headed bathing beauty parade to be held in the country. Only sixty girls will be allowed in the procession and they must have red hair.

One of the first "flaming topped" girls to enroll with the management is De Loria Young. Other girls are signing daily to participate in the event.

## SMITH APPOINTED TO SUCCEED WHITSELL

(EXCLUSIVE DISPATCH)

SANTA ANA, Aug. 5.—Announcement that William Smith of Orange has been appointed County Supervisor for the Fourth District, as successor of L. F. Whitsell, resigned, was definitely made today by Gov. Friend W. Richardson. Smith made known his acceptance of the appointment.

At a conference between Gov. Richardson and Smith at Long Beach yesterday the appointment was tendered and accepted. This was verified today by the Governor.

## BEACH CITY NAMED SIX NEW

(EXCLUSIVE DISPATCH)

UPLAND, Aug. 5.—Arrested here July 12, after he had fired several shots at Luis Hernandez in a quarrel over a woman, Jesus Munoz was today held to answer his preliminary examination before Judge Crane, on a charge of assault with intent to commit murder. In default of \$1000 bail he was ordered held in jail.

## PEACH PROSPECTS BRIGHT

(LOCAL CORRESPONDENCE)

BURBANK, Aug. 5.—With the completion of the season's crop, Burbank orchardists are ready to handle the late varieties, with prospects for large profits. In many cases the early peaches showed better results this season than for several years past, principal exception being the Imperial peach, which failed to mature after having started off promisingly earlier in the year.

Prices paid for early varieties ranged from \$1.25 to \$1.75 per thirty-pound lug on the Los Angeles market, the higher prices being paid those fruit growers who were able to place their peaches on the market at the start of the season, while the prices showed a downward tendency as the quantity of the fruit increased.

## DEFUNCT BANK IN CORONA

Alleged Stockholders Are Involved

Given as Security for \$10,000 Loan

Northern Institution Action to Collect

(EXCLUSIVE DISPATCH)

RIVERSIDE, Aug. 5.—A stock certificate alleged to be that of James A. McEniry, former president of the Corona National Bank, are involved in a suit in Superior Court today by the Pacific National Bank of San Francisco, which is the assignee of the National Bank, A. J. Harry J. Thomas.

The San Francisco institution alleges that the Corona National Bank, through alleged mismanagement of funds charged to the Pacific National Bank, owes it \$10,000 in the suit, alleged to be a loan made by the Pacific National Bank to the Corona National Bank in 1911, when he secured a \$10,000 loan from the Pacific National Bank as president of the Corona National Bank.

## Streets Opening in Santa Monica Awaits Decision

(EXCLUSIVE DISPATCH)

SANTA MONICA, Aug. 5.—Unanimously, City Commissioners, at the suggestion of John Morton, have decided to halt all street opening proceedings until such time as the Matton Improvement Act has been tested in the courts. Although some weeks may elapse until such time as the county of Los Angeles carries its case to the Supreme Court, Commissioners contend that a year or two may be saved should the act be found valid. It was pointed out that such proceedings under the act cost expense, time, and extend the period for the term of bond-paying to thirty years, provided property owners wish to make it that long.

Property owners, who are anxious for street-improvement work on different streets of the city are anxious to wait until such time as the validity of the act is tested.

## BRIDE TWO HOURS

(EXCLUSIVE DISPATCH)

ONTARIO, Aug. 5.—Mrs. Jewell Day Weber, Ontario's "kissable bride" was legally freed today from Alvin Alfred Weber, who deserted her in less than three hours after their marriage at Visalia December 14, 1923. She was granted a decree of divorce in Superior Judge Warner's court.

Mrs. Weber, young and pretty, related a strange tale of her wedding which occurred while the words of the minister were still ringing in her ears. Two hours after the ceremony, according to the "kissable bride," she was told by her husband, who was then in Tacoma, Wash., where his family lived, promising to send for her.

## HELD FOR TRIAL

(EXCLUSIVE DISPATCH)

UPLAND, Aug. 5.—Arrested here July 12, after he had fired several shots at Luis Hernandez in a quarrel over a woman, Jesus Munoz was today held to answer his preliminary examination before Judge Crane, on a charge of assault with intent to commit murder. # A CHUCKLE for EVERYBODY

## LOCAL LAUGHS

**RECEIVES DUBIOUS**  
RIVERSIDE, Aug. 5.—(Special) Stock certificates alleged to be of the defunct Corona National Bank, are involved in a suit filed in Superior Court today by the Pacific National Bank of San Francisco against the defunct Corona National Bank. J. D. Davis, Harry J. Thomas, and others, plaintiffs, vs. Corona National Bank, defendant.

McClure, since the banking institution at Corona closed its doors through alleged misappropriation of funds charged to him and others, has been in the hands of Federal officers.

The San Francisco bank, which is in the suit, alleged to have given to the plaintiffs a \$10,000 loan, secured by stock certificates of the Corona National Bank, which had been given to the bank by the defunct Corona National Bank.

Davis and Thomas are named defendants in the suit through their connection with the Corona National Bank as president and vice president, respectively.

On March 1, 1925, the Pacific National Bank alleged in its complaint, Davis and Thomas signed and executed a promissory note for the sum of \$10,000, secured by stock certificates of the Corona National Bank, which had been given to the bank by the defunct Corona National Bank.

The plaintiffs claim that the Corona National Bank, which had been given to the bank by the defunct Corona National Bank, was a defunct bank, and that the stock certificates were worthless.

The Corona National Bank, which had been given to the bank by the defunct Corona National Bank, was a defunct bank, and that the stock certificates were worthless.

**THIEF WORKS WHILE POLICE ARE AWAY**  
MONROVIA, Aug. 5.—(Special) Defendants are highly suspicious of John Sturgeon, local attorney, today, and the police have sworn vengeance for a law-down trick played on them last night. While most of the forces and others were assembled at the home of Judge Clyde for a farewell dinner to Chief of Police Harvey, who will leave for a foreign assignment, a burglar entered the home of Sturgeon, 287 North Main street, and stole a large quantity of jewelry and cash. The burglar was seen by Sturgeon, who called to the police, but they were not in time to catch him. The police are now searching for the burglar, and Sturgeon is being watched closely.

**TWO WOMEN HAVE NEVER SEEN FILM**  
VAN NUYS, Aug. 5.—(Special) Two women in Van Nuys who have never seen a film show, they are Mrs. L. Williams and Mrs. G. Williams, members of the Van Nuys Christian Church. Last night, they were invited to a film show at the home of Mrs. Williams, but they did not go. They are now being searched for by the police, who are looking for them to show them a film.

**BEACH CITY NAMES SIX NEW OFFICERS**  
By a "Times" Staff Correspondent  
SANTA MONICA, Aug. 5.—(Special) Keeping with the policy of providing as far as possible adequate police protection in this city, the Police Board today announced that six new officers had been placed in the department. The new officers are: G. E. Anderson, J. W. Locke, and J. W. Holcomb.

### Advantages of Holding Company Securities

Now that bond prices have returned to normal levels, and the interest yield from good public utility operating company mortgage bonds averages about 5.50%, investors should not overlook the opportunity offered by Holding Company debentures that yield about 6.50%.

We recommend the carefully chosen obligations of Holding Companies, because:

- 1.—They are protected by semi-annual sinking funds that are adequate to retire the issue by maturity, and that tend to strengthen their market position.
- 2.—They enjoy the benefit of diversification that comes from the operation of their subsidiary companies in different fields.
- 3.—They are secured by stocks of the subsidiary companies that have well-sustained earning power, generally under public regulation.

We will be pleased to send you a list of holding company obligations that we recommend for your investment, if you will send us your name and address.

### BOND QUOTATIONS

(BY A. P. MONT WIRE)

NEW YORK, Aug. 5.—Small offerings and a better demand for some issues, gave the bond market an improved tone today, but price movements were still within a narrow range. The softening tendency of money rates and the downward course of prices of recent weeks apparently have deterred traders.

The outstanding feature today was the activity in Chesapeake and Ohio convertible 5s, which advanced, touching a new high on the movement at 104, as sales reached \$750,000. Attention was said to have been drawn to the issue through the favorable impression created by President Coolidge's views on railroad matters, and rumors in Wall street of better terms for the Chesapeake and Ohio minority interests under the Nickel Plate consolidation plan.

Rail issues generally were stronger, on heavy freight traffic and larger earnings of the carriers. Norfolk and Western convertible 5s gained 1 1/2 points, while Denver and Rio Grande Southern Pacific refunding 4s and Delaware and Hudson convertible 5s closed higher. Florida Western and Northern 5s were 1/2 point lower.

United States government issues were strong, due to small offerings. Despite pressure on French and Belgian exchange, French bonds also displayed a better tone. Utilities were fairly steady. Empire Gas and Fuel 7 1/2s showing a moderate gain.

August circulars of bond and investment institutions price municipal bonds consequently lower.

Following are some of the high and closing prices of bonds today:

Bond	Price
U. S. 4 1/2% 1937	103 1/2
U. S. 4 1/2% 1938	103 1/2
U. S. 4 1/2% 1939	103 1/2
U. S. 4 1/2% 1940	103 1/2
U. S. 4 1/2% 1941	103 1/2
U. S. 4 1/2% 1942	103 1/2

### NEW YORK CURB

(BY A. P. MONT WIRE)

NEW YORK, Aug. 5.—Conflicting price movements characterized today's curb market, many issues yielding to the pressure of realizing sales and occasional bear selling. The undercurrent was fairly steady, particularly in the industrial group.

Operations for the rise were aggressively conducted in some of the specialties, F. and W. Grand Stores jumped 3 points to a record high at 51 on the announcement that July gross earnings totaled \$72,847 as against \$48,355 in the same month of last year. Continental Baking 3s changed hands in large volume, but closed fractionally lower on the day.

Oil shares held fairly steady in view of the cut in New England gasoline prices. Offerings were moderately heavy but met good support, net recessions in most of the active issues being held to a minimum.

Following are the closing quotations on the New York Curb market:

Stock	Price
Am. Can. Co.	48 1/2
Am. Ice Co.	48 1/2

### Hermosa-Redondo Water Company

7% Cumulative Preferred Stock

Preferred as to assets and dividends over the Common Stock. Entitled to Cumulative Dividends at the rate of \$7.00 per annum, payable quarterly, January 1st, April 1st, July 1st, October 1st. Redeemable at the option of the Company on any dividend date on 90 days' notice at \$100 a share and accrued dividend.

EXEMPT FROM NORMAL FEDERAL INCOME TAX AND CALIFORNIA PERSONAL PROPERTY TAX

The issuance of this Stock has been Authorized by the Railroad Commission of the State of California

**BUSINESS FIELD:** The Hermosa-Redondo Water Company was organized in 1923 to combine into one interconnected system the two existing public utility water companies serving the cities of Hermosa Beach and Redondo Beach, California, and certain unincorporated territory adjacent thereto. The permanent population of this territory is approximately 20,000, which is greatly increased during the summer season. The territory is served without competition, and in the case of the incorporated cities under an unlimited franchise. The total number of services installed as of December 31, 1924, was 4895.

**PROPERTIES AND MANAGEMENT:** The water supply for this public utility service is drawn from deep water wells located near the city limits of Hermosa Beach and Redondo Beach. By means of electrically driven pumps, the water is lifted from these wells into concrete storage reservoirs, having a combined capacity of 2,104,000 gallons. From these reservoirs water is distributed by gravity to consumers. Over a period of many years, these wells have shown only a slight variation in water level. Recently over \$75,000 has been expended in additions and improvements to the system, which includes a new transmission main connecting the Hermosa and Redondo reservoirs.

Engineering supervision of the properties is under the expert management of The Chester H. Loveland Engineers of San Francisco.

**CAPITALIZATION:**

Stock	Authorized	Outstanding
Common	\$200,000	\$140,000
Preferred (7% Cumulative)	\$200,000	\$140,000
Bonds		
1st Mtge. 6 1/2% Sinking Fund Gold Bonds	2,500,000	250,000

**EARNINGS:** For the Twelve Months ended December 31, 1924:

Item	Amount
Gross Revenues	\$114,271.18
Operating expenses, including maintenance, depreciation	70,518.18
Net Operating Revenue	43,752.99
Bond Interest	17,404.22
Balance available for Preferred Dividend and Amortization	\$26,348.77
Dividend Requirements on Preferred Stock	\$3,500.00

The balance available for Preferred Dividends and amortization of debt discounts is approximately eight times the requirements on the total Preferred Stock outstanding, including this issue.

**EQUITY:** The balance sheets as of June 30, 1925, shows a reproduction value of the Company's properties after depreciation, at \$645,111.89. After deducting the funded debt of \$350,000, the equity remaining for the Preferred Stock amounts to \$295,111.89, or \$590 per share issued and outstanding.

Price 98 and accrued dividend to yield 7.14%

THURSDAY MORNING.

EARLY DAYS OF  
KHJ RECALLED

Time Favorites Feature  
of Evening

Kind of Day's Programs  
Given as Good Will

One-Room Studio of  
Old Days

Reminiscences of the early days of  
KHJ were brought back last eve-  
ning at the studio. The courtesy of  
the evening concert, Voices  
and Instruments of artists popular  
here in the beginning of the station  
were again broadcast. Ex-  
cept the program of the day, except the  
concert was given as good will.  
The station and players  
who joined with the pioneer station  
in its infancy, standing in the in-  
crease of growth to its present posi-  
tion. The children's  
concerts, brought back  
remembrances of the original  
program in the quiet, one  
room studio of the broadening  
station and power were  
again back.  
In the early days of the station,  
the artists volunteered  
their talents for the entertainment  
of the audience, none received  
compensation. But now, through  
the cooperation and assistance of  
the station and business  
men, the station is dis-  
tributing among them through the  
station, covering the wide variety  
of music and other entertain-  
ment given to the thousands of  
patrons of KHJ. The children's  
concerts, brought back  
remembrances of the original  
program in the quiet, one  
room studio of the broadening  
station and power were  
again back.

GRACE CURRY PLAYS  
Last evening's special concert  
was the radio number among  
the artists, the playing of Grace  
Curry. Her long series of solos  
on Monday and Friday afternoons  
has been a delight to the hearts of  
the station followers. With her  
sweet voice, the harpist solo-  
ists have carried a vivid per-  
sonality and warmth of  
feeling.

The station provides of Billy  
Harris, singing word pictures of  
his songs in plays and songs, have  
been a delight to the hearts of  
the station followers. The Carlson  
Singer, who is well known in Radioland  
through their personality singing  
songs, has been a delight to the hearts  
of the station followers. They were  
wonderfully well at KHJ.

Nevea Chibberg, violinist, played  
several beautiful numbers, accom-  
panied by Edith Petesch. She has  
received many plaudits for her  
artistry, especially in ensemble  
work. After her, Louis F. Klein,  
one of the most beloved figures  
around the studio, played on his  
auto-harp. He has carved for  
himself a niche in the affections of  
the patrons through his happy dis-  
position, redolent with humor and

feeling, and his important part as  
court musician in the fanciful  
programs of Queen Titania.  
VIOLINIST FROM APAR  
American radio followers were  
given their first opportunity to hear  
a musician from distant shores,  
Rae Fox of Australia, who has but  
recently come to Los Angeles from  
her native land. This Aussie vio-  
linist, who appears again Sunday  
evening, symbolized the high

standards of musical perfection  
across the Pacific, and proved a  
splendid addition to the colony of  
the west coast. Preceding her was  
Leo Roscoe, the "Rag Man of  
KHJ," with his distinctly charac-  
teristic selections.  
Earlier in the evening Prof.  
Mara Baumgardt spoke on astron-  
omy. His series of lectures on this  
science and the eyes, given since  
the early days of the studio, have  
created a large following of astral  
enthusiasts. He was the initiator  
of lecturing at KHJ.

The remarkable extemporaneous  
speaking ability of Dick Winslow,  
screen juvenile who has created his  
vocation of radio reporter, was  
another treat last evening on the  
children's program, as were the  
efforts of Baby Muriel McCormac,  
the "Little California porgy," and  
the renditions of Maybelle Cle-  
ment's two accomplished pupils,  
Jefferson Seakins, the 10-year-old  
reader, and Thelma Hofund, 11-  
year-old pianist. Rosalie Tuso,  
child soprano, accompanied by her  
father, Philip Tuso, and Anthony  
Dovica, sang three attractive com-  
positions. Her accompanists gave  
one of the child lore num-  
ber, "The Wedding of Sleeping  
Beauty."

The afternoon courtesy program  
of the Pacific States Electric Com-  
pany was another evidence of that  
firm's high standards and ambi-  
tion to entertain radio set owners  
as well as assisting dealers to  
demonstrate their receivers during  
the afternoon shopping period.

GLADYS TERRELL THERE  
One of the artists who appeared  
before the microphone of KHJ  
when it was first placed on the air  
at the original studio, and again  
at the inaugural radio evening on  
the station, was Gladys Terrell,  
who sang "Clarita." "Come, for it  
is June," and the request of "Sun-  
shine of Your Smile." The artist  
Pupils Trio of Zoelner conserva-  
tory, composed of Malcolm David-  
son, "cello; Robert Harnum, vi-  
olin, and Leslie Malcott, piano,  
gave a varied program of classical  
selections.

New Zealand as the land without  
poverty, though with little ex-  
treme wealth, was the theme of  
the educational talk given last  
afternoon by McClellan Reed. Ear-  
lier, Fred C. McNabb, of Aggieer  
Museum Seed Company, gave one  
of his valuable treatises on the care  
of the garden, giving especial  
mention to the roses, which are  
now about to emerge from their  
rest period with the fall blooms.  
The contribution yesterday on  
KHJ to the usual ensemble orches-  
tral renditions at noon and eve-  
ning meal hours were given by the  
Rendezvous Ballroom orchestra,  
now playing at Crystal Beach; the  
Leighton Arcs and Cafe orchestra,  
led by Jack Cronshaw and the  
Baltimore Concert orchestra, with  
Edward Fitzpatrick directing.

**Figueroa Street  
Extension Plan  
Changes Heard**  
The proposed changes in the  
plans for the construction of the  
North Figueroa street extension,  
part of the Major Traffic Street  
Plan, which includes the wine of  
viaducts and the shortening of the  
tunnels through Elysian Park, were  
presented yesterday by repre-  
sentatives of the Fourteenth  
District Civic League to the Coun-  
cil Tunnels, Bridges and Viaducts  
Committee and the Council Street  
Opening and Widening Committee.  
Also in attendance were City En-  
gineer Van Norman and Assistant  
Engineers Prince and Goldworthy.  
The committees took the proposed  
changes under advisement.  
The plan of the Civic League was  
indorsed by representatives of the  
Cypress-avenue Improvement As-  
sociation, but delegates of the So-  
lano-avenue Improvement Associa-  
tion objected to a feature which  
proposes that North Figueroa  
street pass over Solano by means  
of a viaduct.

Laundry, "The Bright Spot of West-  
ern avenue," presenting Gladys  
Blackwell Pickering, soprano; the

BANS ROBBERY TO PAY ALIMONY

Judge Frowns Upon Bold Resolution of Delinquent to Get  
Lead Pipe, if Necessary, and "Go to Work in an  
Alley" in Order to Insure Having \$10 on Date Set

Judge Gates believes in a man  
making every reasonable effort to  
pay his alimony, but there are  
lengths which even he, in his pro-  
fessional enthusiasm, cannot ap-  
prove. William Davis yesterday of-  
fered to go farther than the court  
would stand for.  
"Judge, I'll get that \$10 by Sat-  
urday if I have to take a lead pipe  
and go to work in an alley," he  
declared firmly.  
"Mr. Davis, your sincerity does  
you credit. I confess to an admi-  
ration of your spirit, but I cannot  
lead pipe work in an alley, you  
will certainly be sent to San Que-  
ntin, and thereafter be of no further  
use to the alimony court. So you  
get the \$10 by some other means  
—but get it."

Engineer Drops  
Under Strain of  
Aqueduct Work

Due to excessive strain and ex-  
haustion in superintending the re-  
pairs to the Los Angeles Aqueduct,  
damaged by a series of cloudbursts,  
Roderick Mackay, Aqueduct en-  
gineer under Chief Engineer Mu-  
holland, yesterday collapsed at  
Freeman Station.  
He was given immediate atten-  
tion, and doctors were rushed from  
Mohave.  
His condition was reported to be  
serious. He was being taken care  
of yesterday in the keeper's lodge  
at Freeman Station. Mr. Mackay  
has been actively directing the  
Aqueduct repairs for seven weeks.

Probation is  
Granted Nurse  
'Wife' of Girl

Sarah Bowler, 25-year-old nurse,  
who pleaded guilty to a charge of  
contributing to the delinquency of  
Pearl La Duke, 15 years of age,  
yesterday, was granted probation  
of six months by Judge Vicini of  
Juvenile Court.  
Miss Bowler was asserted to have  
registered with the girl at a down-  
town hotel as man and wife, the  
girl, dressed in boy's clothes, play-  
ing the part of the husband, ac-  
cording to juvenile officials.  
Miss Bowler, who stated she first  
became acquainted with the girl  
at the General Hospital, told Prob-  
ation officers Miss La Duke, who  
is also known as Pearl Redman,  
recited a story of difficulty at home  
which caused her to shelter the  
girl. She said she felt she was  
rendering the girl assistance by  
sheltering her.

Governor Names  
New Supervisor  
in Orange County

By a "Times" Staff Correspondent  
LONG BEACH, Aug. 5.—Gov.  
Friend W. Richardson today an-  
nounced the appointment of Wil-  
lard Smith of Orange county as a  
member of the Orange county  
Board of Supervisors to succeed  
Lon O. Whitsett, who resigned to  
accept appointment as State Rail-  
road Commissioner.  
Mr. Smith is a leader in the Citrus  
Fruit industry of Southern Cal-  
ifornia and is president of the  
Fruit Growers' Exchange.

**Bullock's August Clearance**  
"The One Sale of the Year"  
**Clearance, Oriental Rugs---**  
**at Bullock's**  
August Clearance—Bullock's "One Sale of  
the Year"—swings into the last half  
of the first triumphant week.

Bullock's Section of Oriental Rugs is the center of enthusiastic shopping. The first August in its new and enlarged location. Bringing greater space for displaying Bullock's gorgeous stock of Oriental rugs. Providing greater comfort during rushed shopping hours. Now---during this August Clearance --- reductions have been taken generously throughout the stocks. Drastically lower prices than are possible for ordinary through-the-year selling.

The first day's activities were significant. Customers thronged the section. Those who knew what to expect (having shared in past August Clearances at Bullock's). Those who were being initiated into August Clearance at Bullock's (having heard the news from many sources).

Great, gorgeous room-size rugs with thick, luxurious piles in soft, subtle colorings. Smaller sizes for odd corners, hallways, smaller rooms. Priced to make Bullock's August Clearance in Bullock's Section of Oriental Rugs something of note. An event where shoppers share eagerly. Where customers come back with friends. Where values are consistent with Bullock's standard of August Clearance—where stocks are taken off the floors quickly because of their sincere merit.

**Thursday Will Have Its Own  
Assurances of Clearance Values  
in Every Section of Bullock's**  
It is a fact worth stressing that Variety, Value—  
above all, QUALITY—are more than ever  
in the limelight

# Italian Colony Plans Lavish Greeting for Genaro

## WEISMULLER EQUALS MARK

(BY A. P. MORTIMER) VICTORIA (B. C.) Aug. 5. Johnny Weismuller of Chicago was credited today with having equaled his record of 100-yard freestyle swim of 51 3/4 seconds in a handicap race with Albert Schwartz of Chicago at a water carnival of the Victoria Amateur Swimming Club yesterday.

Weismuller swam the distance at Seattle, Wash., recently in 50 3/4 seconds, but this mark has not been officially accepted. If he decides to accompany him to Chicago, he will be accompanied by a large contingent of Italian colony members. The Italian colony in Los Angeles has about 100 members and is planning to give Genaro a very elaborate reception when he arrives. The colony is planning to give Genaro a very elaborate reception when he arrives. The colony is planning to give Genaro a very elaborate reception when he arrives.

## GIRLS ONLY IN MILE-HIGH MEET

Lake Arrowhead Scene of Mermaids' Contests This Saturday

With Dedic Blawett, Olive Hatch, Thelma Finn, Carol Fletcher, Dorothy McGowan, and other local women swimming stars entered, the mile-high championship swimming and diving meet, scheduled at Lake Arrowhead for Saturday afternoon should be the best yet for the mermaids held in Southern California. The carnival, which will be held under the auspices of the Southern California Women's Swimming Association, will be open only to women swimmers.

The events: Twenty-five-yard dash, 50-yard dash, 100-yard dash, 150-yard dash, 200-yard dash, 250-yard dash, 300-yard dash, 350-yard dash, 400-yard dash, 450-yard dash, 500-yard dash, 550-yard dash, 600-yard dash, 650-yard dash, 700-yard dash, 750-yard dash, 800-yard dash, 850-yard dash, 900-yard dash, 950-yard dash, 1000-yard dash.

## STAR RACES TO PROVE POPULAR

List Four Events for Small Craft at Regatta

Ray Schauer's Movie Star on Entry Lists

Lee's and Soiland's Boats Are Favorites

That the supremacy of interests which the Southern California Yacht Association regattas since the first event held at Santa Barbara in 1911, may be endangered, and, in fact, transferred to racing in another class, is possible since the championship star boat series held at Newport last Saturday and Sunday.

MAKES CLEAN SWEEP Ray Schauer, who made a clean sweep of all three heats last week, will be the point of attack with every star boat owner secretly hoping to pull a surprise and trounce the champion in his Movie Star I. Schauer, of course, will enter the regatta races a decided favorite.

Tom Lee, who had the uncomfortable privilege of trailing Schauer by a matter of a few seconds in the final line for three times, will be there to uphold his "Victory" and to reverse his Newport defeat. Another boat that is in the money and will give Lee and Schauer much trouble is Al Soiland's Mike, which romped into second place in the final championship ratings when Lee was disqualified in the second Newport heat.

MIKE FAVORED Schauer, Lee and Doug McKinnon, with the Mike, will all be at the regatta, besides a number of others. Ralph Noble's old and tried Polux, which has an excellent record behind her, but performed like a sick boat last week-end, will also be among those present to be accounted for.

At least eight and more probably twelve of Southern California's fastest stars will be at Santa Barbara during regatta week. Four days of racing are on tap for the small boats on Tuesday, Wednesday, Thursday and Friday of next week. The Lipton Cup race for stars is scheduled for Saturday, with the start at 1:15 p.m.

## Murphy Horse Equals World's Trotting Mark

AURORA (Ill.) Aug. 5.—Queen Volo, a bay mare, owned and driven by Tommy Murphy of Syracuse, N. Y., equaled the world's record of 1:30 established a week ago by Ethelinda, from the Walter Cox stable this afternoon by winning the six-furlong dash for 2:18 trotters at the Grand Circuit meeting.

The feature races of the day, both in the 2:06 trotting class, were won by Ethelinda, driven by Walter Cox. She was under the wire a length ahead of Hollywood Frisco in the first event, a seven-furlong dash, stepping the distance in 1:41. She took the other race at a mile and an eighth, from Voltaire in 2:15 1/2.

Boone Man, owned and driven by W. P. Gordin of Palestine, Ill., won the four-furlong dash for the 2:18 pacers in 59 3/4 seconds, finishing half a length ahead of M. C. B. driven by Seth Pail of Indiana. In the six-furlong race for 2:18 pacers Norman Gratten, driven by Pail, was first in 1:40. Hollywood Volo, driven by Henry Thomas, was second and Boone Man was third.

## KILDUFF STARS AS SEALS BLANK SACS

(BY A. P. MORTIMER) SAN FRANCISCO, Aug. 5.—Sacramento suffered another defeat today, the Seals taking the second game of the series, 5 to 0. Bill Crockett was pitching superb ball, and let the Senators down with five hits and no runs. Pete Kil-duff batted in four of the five runs with a sacrifice that scored Ellison from third and a home run in the sixth inning with two men on. Score: Seals 5, Senators 0.

SACRAMENTO A B C D E F G H I J K L M N O P Q R S T U V W X Y Z

RAIN HALTS TENNIS MEET AT NEW YORK

(BY A. P. MORTIMER) RYE (N. Y.) Aug. 5.—Rain today caused the postponement of play in the New York State women's tennis championship. Contestants will continue in the round before the semifinal tomorrow, weather permitting.

HYDROPLANES IN TITLE RACE Seven of the fastest 151-class hydroplanes in the world will race the 10th and 11th inst. for the championship over the course of the Bay Head Yacht Club on Jamaica Bay, L. I. Two Canadian challengers are among the entries.

## LATEST DEMPSEY BULLETIN

(BY A. P. MORTIMER) NEW YORK, Aug. 5.—The transcontinental battle of words over the proposed heavyweight championship clash between Jack Dempsey and Harry Wills in 1926 waged furiously today.

Verbal broadsides of contradictory statements were turned loose in three sectors, but after being sifted, they all appeared to agree that Dempsey and Wills will climb into the ring to fight it out with blades, instead of words, some time next year.

The high spots of the day's long-distance sharpshooting follow: Jack Dempsey, Los Angeles, telegraphed Tex Rickard: "Definitely eliminating New York as a site for the match, but holding open prospect of engagement with Rickard or any responsible promoter elsewhere else. As per agreement with Rickard only verbal and tentative and not binding. Willing to fight for Floyd Fitzsimmons near Chicago if Wills agrees."

Announcements on way to New York to "iron out all difficulties with the New York Boxing Commission on both the Dempsey-Wills and Shade-Walker matters" that Dempsey will fight Wills only under his (Kearns) management. "Difficulties" Dempsey not concerned with ring affairs and will receive bids for Wills fight from any promoter in the world willing to post forfeit of \$500,000 up. Figures. Big match will draw \$3,000,000 sale."

Tex Rickard, New York: "Insists Dempsey will agree only under his direction and confident battle with Wills will take place in New York around July 1, 1926. Has 'understanding' with Dempsey and is ready to stage battle here or in Jersey City. Branded talk of fight going elsewhere as 'hot air.'"

LANCHO AND BORDEN IN ARMORY MAIN GO

As fast and vicious a battle as Pasadena boxing fans ever looked at is in prospect tonight at the Armory when Johnny Lanchino and Chuck Borden, welterweights, mix in what is legitimately to be termed a revenge fight.

The revenge is chiefly sought by Lanchino, who suffered a totally unexpected setback at the fate of Borden about two months ago in the same ring. The rest of the Armory card is as follows: All four-round bouts; Al Moray vs. Johnny Lopez, 145 pounds; Mala Garcia vs. Johnny Varela, 122 pounds; Henry Gonzales vs. Pete Magallano, 120 pounds.

The show is scheduled to start at 8:30 o'clock.

## SOCIETY

BY MYRA NYE

A wedding of distinction and charm conducted at the close of the day yesterday was one of supreme interest in social circles. Miss Marion Francis Wigmore, daughter of Mr. and Mrs. George Herbert Wigmore of West Adams street, became the bride of Mr. Frank Simpson, Jr., of the Frank Simpson family, of San Francisco at 5 o'clock in the afternoon in the fashionable St. John's Episcopal Church. Rev. George Davidson reading the service.

Given in marriage by her father, the beautiful bride was attended by her sister, Miss Katherine Wigmore, as maid of honor. Mrs. Francis de la Riva, Mrs. Henry Bishop Grandin and Miss Eleanor MacGowan, Dr. Charles W. Anderson was best man and the ushers were Henry Bishop Grandin, George W. Wigmore, E. Somers Peterson of San Francisco, Harrell J. Harrell and Jerry Powell.

The rose motif appropriate to a midsummer affair of happiness was carried out in every detail both at the wedding and at the reception in the home of the bride's parents immediately following the ceremony.

Airied in a gown of lustrous white satin brilliantly beaded in rhinestones, the bride wore her tulle veil on train and it was held by soft bandeaux of rare old lace. She carried a shower bouquet of lilacs of the valley. The maid of honor, the matron and bridesmaids were each in rose-shaded frocks varying from the exquisite French rose to the deeper shades of the American Beauty. Over the frocks they wore slim of lace hand embroidered. Their picture hats were fashioned of chiffon and velvet in rose shades. They carried arm bouquets of dahlias, anemones, these summer flowers also of the pink and rose hues.

Mr. and Mrs. Simpson left last night for a honeymoon journey in the northern part of the States and in Canada. They will be at home in this city after September 1.

**Leighton-Leonhardt Nuptials**  
A happy culmination to a college romance was the wedding held last night at 7 o'clock in the Ball Room of the Pomona College, Claremont, at 7 o'clock, when Miss Anna Louise Leonhardt was united in marriage to Wesley Gilek Leighton, Dr. Raymond C. Brooks of the college, officiating.

Both bride and bridegroom are recent graduates of the college, where the bride was a member of Alpha Kappa and Miss Leighton of Phi Beta Kappa. The bride, who is a senior year, when he was valedictorian of his class in 1923. During his course he was identified with the Science Club and Astronomical Society, receiving honors in science.

The eight attendants of the bride were dressed in pastel shades and carried arm bouquets of pink Russell roses and lilies. Each carried pink ostrich feather fans, gifts of the bride. They were Miss Marion, Carmela of Ontario, Miss Helen Johnson, Pomona; Miss Pearl Peterson, Kingsburg; Mrs. John Irving Anderson, Los Angeles; Mrs. Earl Thompson, Miss Geneva McMillan, Miss Dorothy Ames and Mrs. D. Jay Dyer, Jr., of Covina, where the bride and groom are also residents.

Mrs. A. B. Scofield of Balaire, sister of Mr. Leighton, was matron of honor, and wore an orchid corsage and a white dress. She carried a bouquet of white roses and lilies. The dark-eyed loveliness of the bride, who was given in marriage by her father, was enhanced by her becoming bride attire, a white georgette headed in crystals and rhinestones over satin. Her entire vail of rare and beautiful lace was made in the French style with orange blossom hair bands. She carried a bouquet of lilacs of the valley, white bride's roses and orchids.

The ushers were Cleo Thomas of Pomona, George McBurney of Claremont, William Howard of Claremont, Thomas Wood of Whittier, Park Swart of Wilmington, Robert Broadwell, Earl Colver and Alfred Leonhardt of Covina.

The ceremony was enhanced in dignity by the beautiful college hall which is known throughout the upper San Gabriel Valley for the rare charm of its architecture and its many traditions. Afterward a reception was held in the patio, where, together with the newly married young people, their parents received with them. Both families are well-known residents of Covina, where Max Leonhardt is a banker and man of affairs, and C. E. Leighton is an extensive orange grower. Thus the wedding was one of the most notable of the valley for several years.

Shortly after their return from a wedding trip spent in the north they will leave for Cambridge, Mass., where Mr. Leighton has been appointed instructor of chemistry at Harvard University.

**Society Wedding**  
In the Church of the Angels yesterday afternoon at 5 o'clock Miss Margaret Elizabeth Van Degrift, lovely young daughter of Mr. and Mrs. Albert Sidney Van Degrift, of Kensington Road, became the bride of Willard Dennison York.

Given by her father, Miss Van Degrift wore an exquisite gown of blue and white with light blue and white of lace. The skirt was fashioned with repetitions of chiffon each a little shorter than the underlying one. They were finished with insets of lace and she wore a long train of chiffon finished with light satin. Her veil was worn by a bride of a year ago, Mrs. Gay Gilliland (Margaret Allen Paulmanus) and the lace of the gown, in a yellow chiffon made similar to Miss Van Degrift's with a hat and bouquet in harmony, was maid of honor.

William Foy served as best man and Tyler Van Degrift ushered.

## ANGELENO RETURNS FROM EAST Sends Off Sisters on European Tour

Mrs. H. Bruce Heise

**To Bid her sisters, Mrs. Wade** Garner and Mrs. Louis Shillinger bon voyage before they left for an extended journey through Europe. Mr. H. Bruce Heise prolonged her visit in the East. She has just returned to her home in the Gaylord after three months absence. While away she visited New York City, Baltimore, Washington, Philadelphia and Chicago, being extensively entertained in Baltimore and the capital city where she has many friends.

## CHEF WYMAN'S Suggestions for TOMORROW'S MENU

**Breakfast**  
Chilled Pears  
Shiraz Eggs in Cream  
Toast  
Jam  
Luncheon  
Fisherman's Salad  
Poppy Seed Rolls  
Swiss Berry Pudding  
Iced Coffee  
Dinner  
Cream of Potato Soup  
Olives  
Boiled Halibut, Caper Sauce  
Summer Squash  
Mashed Potatoes  
Beet and Celery Salad  
Milk  
Scotch Mist  
Coffee  
**FISHERMAN'S SALAD**  
Peel and cut in dice enough cold boiled potatoes to make two cups, place in a cold bowl and mix with half a cupful of skinned, seeded and diced sardines, two-thirds of a cupful of diced tender celery, two diced hard-boiled eggs, two tablespoonsful of chopped sweet, green peppers, two tablespoonsful of salt, one teaspoonful of paprika and one cupful of French dressing. Let stand on the ice for one hour.  
**SWISS BERRY PUDDING**  
Cut slices of bread half an inch thick, remove the crusts and fit them closely together over the bottom and sides of a plain mold. Place two cupfuls of berries and a cupful of sugar in a saucepan, heat slowly until the juice runs and the sugar is dissolved, do not cook. Pour into the mold for three hours. Unmold and serve with cream.  
**BOILED HALIBUT**  
Place in a kettle enough water to cover a four or five-pound center cut of halibut, add one sliced

onion, two stalks of celery and three branches of parsley; bring to a boil and boil ten minutes. Add the juice of one lemon, and the four or five-pound piece of halibut in a frying basket, cook ten minutes. Lift out the basket, carefully place the fish on a hot platter, remove the skin and pour over caper sauce.  
**CAPER SAUCE**  
Melt four tablespoonfuls of butter in a small saucepan, add four tablespoonfuls of sifted flour and stir and cook five minutes, do not brown. Add two cupfuls of boiling water and beat with an egg beater until smooth, adding two tablespoonfuls of butter, half a tablespoonful of salt, half a cupful of drained capers and serve. Chopped pork pickles can be used in place of capers.  
**BEET AND CELERY SALAD**  
Mix one and a half cupfuls of chopped cooked beets with one and a half cupfuls of chopped tender celery, one and a half cupfuls of shredded lettuce, half a cupful of chopped sliced pickles, one teaspoonful of salt, one teaspoonful of paprika and one cupful of French dressing. Mound on lettuce-covered plates.  
**SCOTCH MIST**  
Pound twenty-four macaroons to a fine paste, add twelve lady fingers rubbed to fine crumbs, half a cupful of strawberry or other fruit juice, and one cupful of whipping cream; set on the ice to chill. Beat one cupful of whipping cream to a stiff froth, divide into two parts, color one part red and the other green. Place in a pastry bag with a star tube and ornament half of the mixture which has been placed in a serving bowl with half of the cream; clean the bag and pipe the other color over the other half. Decorate with maraschino cherries and serve.  
(All rights in recipes reserved by A. L. Wyman)

Mr. and Mrs. York will pass several weeks in the high Sierras and upon the return from their honeymoon will reside in Long Beach. The bride attended the University of California, Southern Branch, and Mr. York is a Cornell graduate. He is the son of Dr. and Mrs. York of Glendale.

**At High Noon**  
With the Little Church of the Flowers at Glendale as a setting, yesterday at noon, Miss Della Cravens, daughter of Mr. Emma Cravens of Los Angeles, was united in marriage to Ross P. Jamison by Rev. W. E. Edmond of the First Presbyterian Church of Glendale. The bride was given in marriage by her brother, Earl Cravens, and her only attendant was her sister, Miss Florence Cravens. Harold Jamison attended his brother and assisted in the double-ring ceremony.

Wearing a long bridal veil and a coronet of orange blossoms, the bride was attired in white chiffon beaded with pearls over satin. She carried a shower bouquet of white roses, a delphinium, whose delicate blue was a delightful complement to the blue Brunner roses. Miss Cravens was crowned in a costume of Pernet yellow georgette made lovely with silver lace and she wore a bandeau of silver leaves in her hair. She carried orchid corsage. Following the ceremony a reception was held at the home of Mrs. Cravens, and last evening Mr.

## Diet and Health

### ANSWERS TO CORRESPONDENTS

**Mrs. R.** Please go to an orthopedic surgeon for your spinal curvature. Do not neglect it. There are special exercises that should be taken for different types of spinal curvature, and it will reduce your weight you will find all of your curves will be much less prominent. See answer to Mrs. F. below.

**ANTISEPTICS, DISINFECTANTS**  
Mrs. G.: An antiseptic is any substance which prevents the growth of germs, while a disinfectant actually kills them. For instance, boracic acid solutions and boric acid are good antiseptics, but they are not disinfectants.

It used to be the custom to burn sulphur in a room that had been occupied by contagious-disease patients, and later to generate formaldehyde, but we know now that it is the patient who is the chief source of danger and not so much the environment. Thorough washing of the walls and floors and furniture of a room with strong soap and water and thorough airing and exposure to the sun are now considered the best method of disinfection. Bed linen should be boiled to be disinfected.

You must remember that disinfectants are always poisonous when taken internally; therefore, they should be placed out of the reach of children and should have something distinctive about them. For instance, if you use a disinfectant, do not use it in a room where you eat or drink. A tiny bell tied around the neck of the bottle is a good method, or, lacking that, a strip of adhesive plaster around the bottle. Naturally, such bottles should be kept very plainly labeled and put out of reach of children.

For ordinary household purposes the liberal use of soap and hot water is the best disinfectant. They should be placed out of the reach of children and should have something distinctive about them. For instance, if you use a disinfectant, do not use it in a room where you eat or drink. A tiny bell tied around the neck of the bottle is a good method, or, lacking that, a strip of adhesive plaster around the bottle. Naturally, such bottles should be kept very plainly labeled and put out of reach of children.

## The Woman and Her Job

BY VALERIE WATROUS

### ANSWERS TO CORRESPONDENTS

(Questions concerning the problems of women will be answered in this column if addressed to Mrs. Watrous at the Times.)

**Dear Mrs. E. R. C.** However successful you may have been in training your son to become an honest, useful citizen, I doubt if that experience would be considered by any social agency sufficient to justify employment. One must have an "opening wedge." The commercial world demands specific training and experience. In some particular line, a woman worker must have had training in sociology, psychology, mental hygiene and so on, either in college or in special schools. The day of the bit-and-sympathy system has gone. It is no longer "that poor woman," or "an unfortunate child," but a "case." Superintendents of day nurseries are trained for the job, seeing each child impartially and without favor. The cultured woman, who has been the mistress of a well-organized home and a wise mother, must fill a like position, or spend a year or two in specific training for a new vocation.

**Dear Mrs. Kain:** I have not yet been able to find anyone who will teach you to drive unless you own your own car. They all seem reluctant to risk damage to the machine. History of architecture and styles will be offered by the University of California extension division. It will be a lecture course. The only practical course I know of is the one offered by the University of C. S. C. here, which demands four years of study. Perhaps some of the evening high schools may have an architectural course this winter. You can find out by calling the Board of Education. A friend here has been making a modest income for several years by lecturing and selling. She moves in the house, furnishes it charmingly, adds a few hundred dollars to the price, sells and buys again. As her efforts are to augment the family income she waits patiently, even in a dull market, until the right opportunity for sale comes to her.

**Dear Mrs. W. E. I.** I think you are making a mistake in urging your daughter to become a trained nurse. Because it has been your profession is no reason for your daughter to follow it. If she is willing to work her way through college and become an English teacher you should encourage her in the thing she wishes to do. Other things are suggested for her as acting as a mother's helper and

Both the bride and the groom are well known in social circles in Switzerland, known the world over for its clean amateur sports. Although they have often sailed the waters of Lake Geneva, Lucerne and Zurich they chose Lake Arrowhead for the ceremony, perhaps because their romance began on those Swiss lakes in their school days. They preferred the lake setting.

Molasses cookies and gingerbread have a slightly laxative effect and in moderation are a good dessert for children.

## Last Rites for Rev. W. Stuart Set for Today

Funeral services for Rev. William E. Stuart, 73 years of age, will be conducted today at 1:30 p.m. at the Hermon Free Methodist Church. Burial will take place in Mountain View in Pasadena. Mr. Stuart, for twenty years pastor of the Hermon church, died Sunday from injuries received when he was struck by an automobile. He leaves a widow, Ella C. Stuart, and three daughters, Mary E. and Wilma C. Stuart and Mrs. Alice L. Lee, all of whom are teachers in the Los Angeles city schools.

## Tangle on Road Fund Referred to Committees

On motion of Councilman Barnes the matter of rescinding appropriations from the city funds for the South Sherman Way extension and Canoga - Devonshire - Chatsworth Road improvement was referred again to the Council Finance and Street Opening and Widening Committees jointly, and they were allowed a week's extension of time for report.

Councilman Randall declared that this would afford interested property owners an opportunity to propose some scheme of adjustment.

### Today's Aid to Beauty

We have found that in washing the hair it is never wise to use a makeshift, but is always advisable to use a preparation made for shampooing only. Many of our friends say they get the best results from a simple home-made canthox mixture. You can use this at a cost of about three cents a shampoo by getting some canthox from your drugist and dissolving a teaspoonful in a cup of hot water. This makes enough shampoo liquid to apply to all the hair instead of just the top of the head, as with most preparations. Dandruff, excess oil and dirt are dissolved and entirely disappear in the rinsing water. Your hair will be so fluffy that it will look much heavier than it is. Its luster and softness will also delight you. Your drugist can supply you and the low cost—scarcely three cents a shampoo—is almost unbelievable.

### BEVERLY VISTA WILL HAVE HIGH SCHOOL

The Beverly Hills Chamber of Commerce yesterday was notified by the Board of Education of the Los Angeles High School district of its intention to build as soon as possible a \$300,000 high school building in Beverly Vista, lessening by two miles the distance Beverly Hills parents have to travel to school. The school will take care of 250 pupils in Beverly Hills and 250 in Carthay Center and Westwood.

## Los Angeles

always has been

particular about bread

LOS ANGELES is noted for its fine bread standard. Guests comment upon the fact that the bread served here is more than "good"—that it is actually wonderfully appetizing and delicious.

And no wonder! Gordon's Bread has been preferred in Los Angeles for more than eighteen years. And Gordon's is deliciously different from ordinary bread. It is the best baked, best tasting and most healthful bread you ever ate. There's something winning about its very appearance—it is so crispy and crunchy and golden-brown. Its lightness,

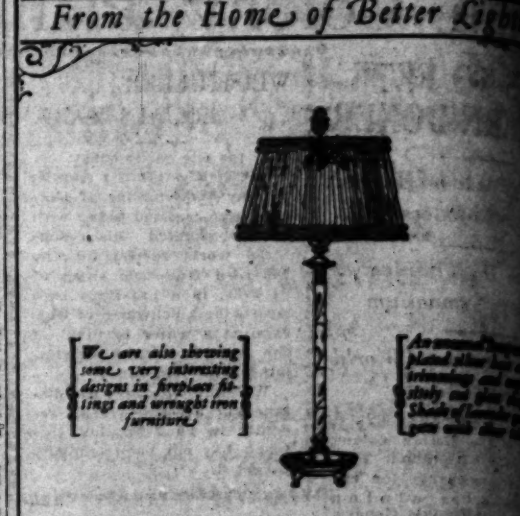

perfect texture and snowy whiteness just what the appetite craves.

Gordon's is an example of how outstandingly fine bread can be when skill, experience and real service to the public are combined. We have never been satisfied merely to make the best bread in Los Angeles. We have consistently tried to make better bread.

Gordon's Bread is always fresh—wherever you may buy it. It is delivered in specially cleaned every day. Ask for it by name at your grocer's. Look for the dust-proof wrapper and the name "Gordon's Bread."

## From the Home of Better Living

BEAUTIFUL LAMPS, such as you find in the "Home of Better Living," are perhaps the most expressive means of expressing your individuality and taste in interior decoration. Here you will find designs that are original and distinctive, graceful and beautiful—at surprisingly moderate prices.

## Health Warning

Eat the Right Breakfast

Quick Quaker cooks in 3 to 5 minutes

Supplies the energy you need

SOME people make a practice of eating foods in summer. That's a mistake. Above all things, you must eat foods that strengthen. For hot days drag energy away from you. For breakfast, have oats and milk.

Quick Quaker cooks in 3 to 5 minutes. It makes it easy. No hot kitchens. No frying, no stewing.

Start on oats tomorrow. Note how good you feel. Mark the way that dragged-out feeling goes. You'll smile at hot days. You'll work better. Just try it!—See the difference.

## YOUTH SOUGHT IN MYSTERY

University Graduate's Clothing Found in His Car at Hermosa, But Mental Lapse Hinted

Whether Russell Howard, 22 years of age, a graduate of the University of Southern California, was drowned while taking a midnight swim at Hermosa Beach or disappeared while suffering from mental strain was being investigated yesterday by Chief of Police Olson of the beach city as a search for the body was being conducted by his parents, relatives and lifeguards.

The drowning theory is considered the most probable, because of the fact that the boy's automobile with his clothing in it was found on the beach at Twenty-seventh street and Strand, Hermosa Beach, early yesterday morning. According to the boy's father, James H. Howard, 5151 West Boulevard, Russell left home, Tuesday in his car and said he was going to San Pedro to see a friend. He was last seen at an employment agency in San Pedro at 5 p.m. Tuesday night. The car was found on the beach Tuesday night and would have been difficult for even an experienced swimmer to reach. Russell was described as being six feet tall and slender, weighing about 140 pounds with light curly hair and gray eyes.

## Graham Man Jailed After Fatal Blaze

George H. Ferlin, 43 years of age, of 5606 Hickory street, Graham, was arrested last night, charged with suspicion of arson and suspicion of burning an insured building, following investigation of a fire in Graham early Tuesday, in which a young man received burns which caused his death.

The fatally burned man was Walter Skala, 21 years of age, of 1821 East Fifty-sixth street. The fire consumed a building owned by Ferlin at 1821 East Manchester avenue.

Skala was found outside the burning store with his clothes ablaze, by Bronson Skala, his brother, who lives near by. The latter hurried him to the White Memorial Hospital, where death followed Tuesday afternoon. Skala died without making a statement.

## Student Teams Will Debate on Evolution Issue

Representatives of the Y. M. C. A. public speaking class and the Polytechnic Evening High School debating club will meet at 8 o'clock this evening in the

Poly High-school Auditorium, Washington and Hope streets, to argue the question, "Resolved that the teaching of evolution shall be prohibited in the public schools."

The affirmative side of the issue will be supported by the high-school debaters, J. Muller, J. A. Gleason, N. Frick and Miss Anna Albright. The Y.M.C.A. speakers will be Dr. C. O. Hudson, S. B. Franklin and Edwin M. Jones.

The public has been invited and an additional program, consisting of an organ recital by Margaret Wickes and selections by the Masonic choir will be presented. Judge C. S. Hardy will introduce the debaters. A group of local editors will act as judges.

## FILM STAR'S DAUGHTERS VISIT HERE

Asserted Bootlegger King Tells of Conflict to Gain Supremacy in Liquor Circles

Bushman Sisters Strong for California and Life in Art Colony

Virginia and Lenore Bushman, pretty daughters of Francis X. Bushman, stage and screen star, who are visiting in Los Angeles and have expressed a desire to remain in California and motion pictures instead of returning to school in New York.

They have become interested in pictures and after some parts in a motion picture now being filmed, in which their father heads the supporting cast, they want to stay in California.

Mr. Bushman, however, feels they should complete their education. Between scenes at the Metro-Goldwyn-Mayer studio, where the picture is being made, the girls are busy with their school work.

## FIGHT PLANS IN VENICE TO FILL CANALS

Injunction Asked to Bar Action Doing Away With 'Old World' Waterways

An attack on the plan to fill in and make streets out of the canals of Venice was launched yesterday in Superior Court by the city of Venice.

The court action was directed at the city of Venice, which is planning to fill in the canals and make streets out of them.

The court action was directed at the city of Venice, which is planning to fill in the canals and make streets out of them.

## DISTRIBUTE NAZIMOVA CHECKS TO RETURNS, CREDITORS

Final Payments of Assets of Cote Broker Firm Made by Receivers

Receivers for A. W. Cote, local broker, whose \$7,000,000 failure took place in 1923, completed distribution of the assets of the firm to its creditors yesterday.

Approximately 4000 creditors shared in the distribution of a sum in excess of \$2,000,000. Those who held unsecured claims were paid 42 percent of their claims, receiving a total of \$1,792,856.

The receivers, William H. Moore, Jr., was appointed as receiver and was later elected trustee of the firm. He was assisted in both positions by Paul C. Read, W. T. Craig and Paul W. Starnes, who were attorneys for the firm.

In mailing out checks yesterday to the creditors, the receiver called attention to the fact that the creditors can sue Cote if they wish to obtain judgments. This is possible, according to Mr. Read, because Cote withdrew an application for discharge of bankruptcy after he was acquitted on an embezzlement charge.

## ACTRESS WILL POSE FOR CAMERA CLUB

Florence Vidor, motion-picture star, has consented to pose for the advanced workers of the Southern California Camera Club of the Southwest Museum in a contest to produce the best character photographic study of her, the club announced last night.

Each contestant will be given 15 minutes to arrange poses of individual subjects. Judges of the contest will be Eugene Robert Riches, portrait photographer; Julius Crichton, director of the Associated Camera Clubs Print Exchange, and Fred Archer, pictorial photographer.

The contest will be held at the Southern California Camera Club of the Southwest Museum in a contest to produce the best character photographic study of her, the club announced last night.

The contest will be held at the Southern California Camera Club of the Southwest Museum in a contest to produce the best character photographic study of her, the club announced last night.
